

Step-by-step instructions to quickly and easily generate BPAY CRNs

Visit www.bpay.com.au/CRN

1

Enter your biller code

We will retrieve your biller name and the check-digit rule associated with your biller code

2

Supply unique numbers
OR
request random CRNs

Unique

Unique numbers: what you use to identify your customers, like account or invoice numbers

Random

Single

Enter the unique number and your CRN will be displayed on screen

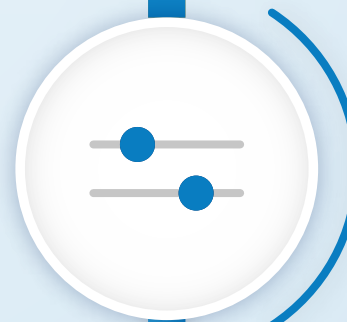

Multiple

Upload a CSV file of unique numbers

Select

Select the number of CRNs you require, their length, and include an optional prefix

Download

A CSV file is downloaded in your browser

Email

Enter your email address and we will email the CSV file to you

Download OR Email your results file
